Subject: follow up and meeting space request

Hello Susan,

Very nice to talk with you on the phone yesterday! I look forward to meeting you in person next week.

Thank you for allowing the use of the Council Chambers for public meetings so that we can update the public about the Anaconda Aluminum Company Plant site. As we discussed, we are still hoping to use the Council Chambers again Tuesday, April 5 (preferred for us) or Monday, April 4th if that is the only date the Chambers are available.

Please let me know what date works for the City and we'll work with you on developing an agenda and public notifications. We really appreciate your collaboration and support. Mike and I are both planning to be in Columbia Falls next week for Senator Tester's visit and April 4 – 6 for site planning and the public meeting. I know you will be freshly back from Paris. I look forward to hearing about your trip!

Thank You Susan!
